ABOUT ME

A detail-oriented and self-motivated Front-End Developer with practical experience in developing responsive web interfaces using HTML, CSS, JavaScript, ReactJS. Passionate about creating modern, user-friendly UI and enhancing user experience. Actively seeking a Front-End Developer role in a company focused on innovation and impactful user interfaces.

EDUCATION AND TRAINING

18/10/2021 – 10/07/2025 Mansehra , Pakistan
BACHELOR OF SCIENCE IN SOFTWARE ENGINEERING Hazara University Mansehra

MedHub FYP (Final Year Project). It is a role-based cross-platform mobile application designed to digitize patient–doctor interactions in healthcare setups. It enables patients to book appointments, access prescription history, and get referred to other doctors. Doctors can manage availability, consult patients, and maintain digital medical records all within a seamless mobile interface.

WORK EXPERIENCE

🏢 **SAQIB HANIF** – MANSEHRA, PAKISTAN

WEB DEVELOPER – 01/05/2025 – CURRENT

During my internship, I gained valuable exposure to both technical and professional skills. I experienced how teamwork operates in a real work environment and learned effective coordination with colleagues. On the technical side, I explored React along with Material UI and Tailwind CSS for building modern and responsive interfaces. I also became familiar with Jira for project management and task tracking. Overall, this internship enhanced my collaboration skills, strengthened my technical abilities, and gave me practical insight into working within a team-driven environment.

PROJECTS

01/06/2025 – CURRENT
NovaX-Job-Portal

NovaX Job Portal A responsive and modern job marketplace web application developed using React, Vite, TailwindCSS, and Framer Motion. The platform enables employers to register, post jobs and manage their company profiles through a dashboard. Designed with smooth animations, mobile-friendly UI, and optimized for performance, the project is deployed live on GitHub Pages with custom routing support.

10/08/2025 – 15/08/2025
Portfolio-Website

Portfolio Website Designed and developed a responsive, modern portfolio website showcasing personal projects, skills, and experience. Implemented a dark/light mode toggle, smooth animations, and aesthetic UI using React.js,

Tailwind CSS, and Framer Motion. Integrated a contact form with EmailJS for direct communication, ensuring fast load times and mobile-friendly design.
